

MEET THE NEW ARGOS BAGS

Packed with the same great product you've always loved and backed by our always reliable warranty, our new bags were rebuilt from the ground-up with your needs in mind and your feedback in our notes. Check out some of the great new features and be sure to keep an eye out for the new bags appearing in markets near you soon.

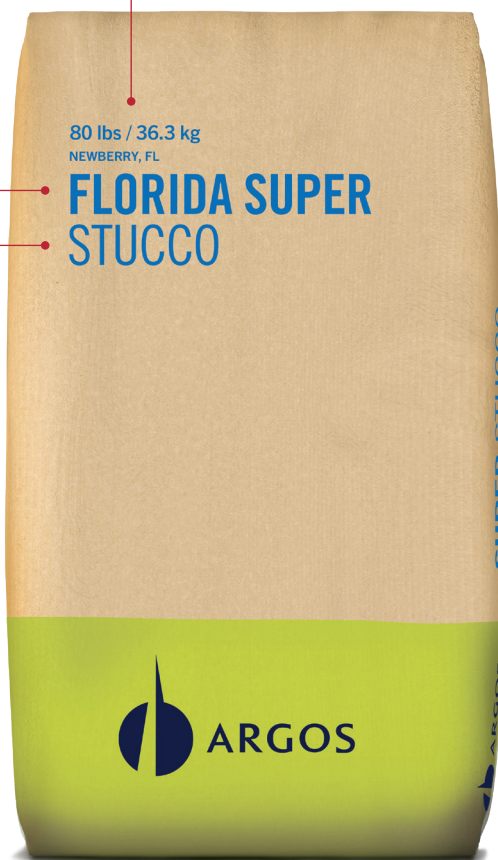

Bigger Weight Call-Outs for Better Identification

Graphical Warnings and Directions

Clearly Defined English and Spanish Instructions and Warnings

ASTM Specification

Argos Sub-Brand Identification

Clear, Color-Coded Product Name Labeling

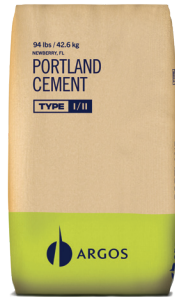

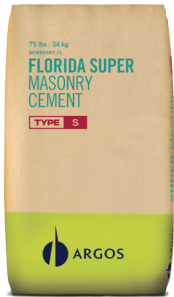

Easy-to-Find Safety Information

THE ARGOS LINEUP

The product inside is still the same great cement you've come to expect from Argos. But our packaging has been redesigned to help you locate and identify our cement more easily for warehousing and display.

EASILY IDENTIFY COLOR PRODUCTS

Argos color cement is easier to find than ever, identified in new white packaging vs. our standard kraft bags.

CLEARLY MARKED TYPE INDICATORS

Consistency is key in helping you find the type of cement you're looking for quickly and efficiently. Our new bags use a clear label system to make sure you can find your type from afar without spending a lot of time looking for it.
